WG I D-1509.4

September 3, 1957

EDAC Working Group I, International Export Control Systems

To: Mr. Royce Wight  
Chairman, EDAC Working Group I

From: Stanley L. Sommerfield  
Foreign Assets Control, Treasury No. 24780

Subject: License to Export ILS System for Prague Airport

The Treasury has received an application (B 37988) from the International Standard Electric Corporation for a Transaction Control license to permit their German subsidiary, C. Lorenz A. G., to export to Czechoslovakia for use at the Prague Airport a complete ILS system with spare parts. The value is said to be about \$60,000, and the delivery time is said to be ten months. Descriptive literature was attached to the application.

It would be appreciated if we could have the views of the Working Group on this application.
